9:12 PM (1 hour ago)
to Guo, me, Edward
I received my notice letter from JeanMarin by Step 28, and It is a big shock to me
because I found out that the picture was not of my backyard. At night, step 28, 2023, I went to Belinda White's home and I told her about the problem or issue. She told me that I should send her photos of my backyard. Next day morning, 9/29/2023, I took photos of my backyard. and I sent them to Blinda White. Then, I called JeanMarin and sent the photos that I had for my backyard to all board members to tell them that my yard was clean without any food scraps.

But I told JeanMarin that I could cut the high plant, sunflowers because HOA also claimed that my sunflowers are too high(HOA, president's backyard also has high plants every single year). Because of the raining day, I asked JeanMarin if I could cut the sunflowers on Saturday.
I cut all my plants because my sunflowers are always seasonal and I always did the same way to prepare my garden in winter. Also, I want to prove that my backyard was not full of food scraps as a fake or false claim. (HOA said that my yard was full of food scraps).
JeanMarin answered my question in the call, and she said, "yes", Therefore, I cut my Sunflowers on Step 30 and asked Belinda White to

come in personally and prove it. She came and proved it.

Because it was Saturday, 10/01/2023, I know JeanMarin's office was closed on Weekend. So I designed to send out the email early Monday morning, and I did it.

However, HOA now charged me $2300, which includes food scraps $500 and $600(10/1/2034) . Show me the evidence with photos, and compare my photo and day and time, please?

Any evidence? How could you say that my food scraps were full anywhere in my yard? How? and why? and what? Show me the truth and the facts.
Please.

But I have all the true photos or images of my backyard by that time.

You cannot lie and ignore me for the facts time by time, year by year. please take a look at my images or photos with the real day and real images of my backyard by the time, 9/29/2023 or 10/012023.

As a leader of HOA, Qin, your backyard style presents great value to HOA members and we just copy it. Please, take a look at all your neighbors, It is always common sense
that they follow you and do the same without any surprise. Why has the HOA always targeted me for over 10 years? on the HOA Notice, you changed me $600 for violation of a new rule, of 60% or 40%. what is it? I had no idea about this bylaw. By the way, how could you measure 60% of my yard? this is very false.

I requested the meeting on 9/2023 and 4/2024 with board members of HOA. but they just ignored me and did not even say a word to me about the meeting. This was very wrong.

look at my evidence,,,,,,,,,,,,please.
